

THE HERALD.

COUNTY OFFICIAL PAPER.

Published Every Evening Except Sunday.

Thursday, October 2, 1884.

TO-DAY'S NEWS

LOCAL LINES.

Fresh times at W. F. Everhart's.

The Prescott water works are employing 180 men at present.

A car load of choice potatoes just received at Geo. F. Cona's.

Call for Boca beer at the Boca Beer Depot.

The Hon. Ed. W. Wells has been appointed City Attorney for Prescott, vice P. P. Dunn deceased.

Many fine horses, seemingly used up, have been saved by the timely use of St. Jacobs Oil, the great pain destroyer.

Pleasant, furnished rooms to rent. Inquire at Judge Treadwell's office.

Several nice ranches to rent. Inquire of P. K. Hickey.

Lumber for sale cheap at the Slabkard corral. All sizes.

Water shares in the Grand Canal for sale or rent. Inquire of Philip K. Hickey.

Read W. F. Everhart's one price cash drug and variety store advertisement.

R. E. Farrington has a new 30-ton, Rankin & Bratton, water-jacketed smelter for sale cheap for cash.

Mr. Clark has just returned to the city with a fine assortment of new millinery. Call and examine her stock next door to the Gregory House.

Notice is given by the secretary of the Fair Association that the privileges advertised elsewhere in the HERALD will be sold to the highest bidder in front of the courthouse door on the day named for the sale.

GREENVILLE, CALIFORNIA.—Mr. Harry Williams certifies under his notarial seal, that Mrs. A. Williams was suffering with pains in the back so severe that she was unable to turn and was delirious. When the case assumed an alarming stage, one application of St. Jacobs Oil was made externally after several remedies had been tried and failed. The patient slept soundly until morning and got up entirely cured.

A CURE.—To all who are suffering from nervous weakness, dizziness, loss of memory, loss of vitality and manhood, and all kindred troubles. Ask for "Rough on Corns." This great remedy was discovered by a mission in South America. Send no address and envelope to Rev. Joseph T. McKee, Station D, New York.

Pleasure Drives.

Wells & Rice of the City Stables have now on hand an elegant and easy riding open brough—just the thing for evening drives. Leave your orders with them and enjoy the balmy fresh evening air for an hour to a very delightful manner.

YOUNG MEN! READ THIS.

The Voltaire Belt Co., of Marshall Mich., offer to send their ELASTIC VOLTAIRE BELT, and other elastic appliances, on trial for thirty days to men (young or old) afflicted with nervous debility, loss of vitality and manhood, and all kindred troubles. Ask for "Rough on Corns." This great remedy was discovered by a mission in South America. Send no address and envelope to Rev. Joseph T. McKee, Station D, New York.

Stock Shares for Barley.

I have a number of stock mares and colts on hand which I will trade for barley. Call early if you wish a bargain. FRANK D. WELLS.

Selling for Cost.

Gregory is selling Lumber, Shingles, Shakes and all Builders' Material at COST FOR CASH. Now is the time to build.

Rescued from Death.

William J. Connelley, of Somerville, Mass., says: In the fall of 1876 I was taken with nervous debility, loss of vitality and manhood, and all kindred troubles. Ask for "Rough on Corns." This great remedy was discovered by a mission in South America. Send no address and envelope to Rev. Joseph T. McKee, Station D, New York.

Notice to the Public.

Having made arrangements to take charge of the new City Cemetery, any person wishing to purchase lots or use the cemetery field can do so by calling at my office for permit. Respectfully, J. M. GREGORY.

The New Bank.

A new bank is shortly to be opened in this city by Mr. D. Henderson under heavy co-operation of the Anglo-California Bank limited, with Mr. C. R. Drake as cashier. Mr. Henderson is a man of large financial experience as a business man in whom the public may have unshaken faith and confidence. It is a well known and true saying that none of the Henderson family were ever known to fail or compromise their indebtedness for less than dollar for dollar. The stability of the new bank can therefore never be questioned. His efforts in co-operation with the Anglo-California bank will aid in the revival of business and bring new prosperity to our old town. Mr. Drake is likewise well known as a shrewd and sagacious business man in whom the people of this city have the fullest faith.—Star.

PIMA COUNTY has lost one of her most respected pioneers in the demise of David T. Harshaw.

THE Harpers propose to choke Geo. W. Curtis off after the campaign. The ways of the editorial world that have known him for many years will know him no more.

THE Springer committee report found in our telegraphic columns explains to the public what has been found in our U. S. Marshals' offices and part of which we have the strongest evidence for believing has been or might be found in the office in this Territory.

A TELEGRAM from Mr. H. C. Logan, General Agent of the Galveston, Harrisburg & San Antonio and Southern Pacific railroads, to Mr. A. Leonard Meyer, of this place, informs us that Mr. Logan's visit here a few days since will result in some little benefit for us. He found that wheat and flour would be our principal export, and that our principal competitors in the market to the southeast of us in the Territory are Colorado and Kansas, owing to the cheap rates those States obtain for their grain and flour westward. He has therefore advanced wheat and flour 15c per hundred from Deming to points west, which will have a tendency to send buyers in this direction.

THE Republicans of Maricopa county present gentlemen for the offices of Probate Judge, District Attorney, County Recorder and Public Administrator, to whose names we beg leave to direct the attention of our citizens.

For District Attorney, the name of one of the most promising young lawyers of the county, Mr. Jerry Millay, has been placed upon the Republican ticket. Mr. Millay is widely and most favorably known throughout the county as an able lawyer and a genial gentleman whose acquaintance is a pleasure. In the hands of Mr. Millay the people of the county can confidently place the important office of District Attorney with a full assurance that its duties will be ably and conscientiously discharged.

For Probate Judge the name of Mr. J. J. Wingar, of Tempe, is offered. Everyone who knows Mr. Wingar knows him to be a man whose integrity is his character complete; a man in whose hands the widow and orphan can confidently place their sad business with an assurance that every penny that belongs to them will be most scrupulously and conscientiously preserved for their use. Furthermore, as ex-officio superintendent of schools, Mr. Wingar would be an honor to the county, he being a well educated gentleman and for many years deeply interested in the cause of education. More than that Mr. Wingar is strictly a moral man to whom the school department would look up and who would elevate its tone and character by his connection with it. He is a gentleman with whom no one can find fault either as to ability or integrity, and whom we believe must be acknowledged as good a man for the place as there is in the county.

The name of Mr. E. H. Winters for County Recorder, bears with it an assurance that should he be elected to the office, its onerous duties will be carefully and thoroughly discharged. Mr. Winters' business qualifications are among the best, as his success in business among our astute, and much of that success comes from his neat, unobtrusive and gentlemanly habits, peculiar qualifications that are nowhere more in place than in a County Recorder. That office will be ably and satisfactorily filled by placing Mr. Winters in it, and we believe the people of the county are sufficiently interested in their county affairs and the officers that administer them to see that the most efficient men are elected, and among them will be found the gentleman whose name we have mentioned in this connection.

The Public Administrator and Coroner, like the Probate Judge of a county, should be made only of the best material—men who can be trusted in all positions and under all circumstances. The name of such a gentleman the Republicans of the county offer for the suffrages of the people for this office in placing upon its ticket that of Dr. R. E. Lightburne, a skilled and conscientious physician, and a man of strict honor, of thorough business ability.

The doctor has for a number of years been a large property owner in our town and has located among us with his family to be one of us. He brings all his skill to the office if the people should elect him and they can do no better than to elect him.

The glory of man is his strength. If you are weakened down through excessive study, or by early indiscretions, Allen's Brain Food will permanently restore all vigor and strengthen all the muscles of Brain and Body. \$1.50 per bottle. Allen's Brain Food, or by mail from Dr. J. Allen, 215 E. 1st Ave., New York City.

THE contest in Ohio has reached white heat as the election, which occurs on the 14th inst., approaches and it is at this time interesting to look back over the vote of that State on presidential years, the figures of which are before us for the past twenty-eight years. They run as follows:

1856 October 179,218 134,238 19,980

1860 President 187,497 150,874 36,623

1864 President 212,854 200,861 11,993

1868 President 231,640 198,657 32,983

1872 President 237,419 212,429 24,990

1876 President 263,154 263,8 8

1880 October 297,465 219,824 77,641

1884 President 286,128 238,700 47,428

1872 October 264,959 237,780 27,179

1876 President 281,852 244,321 37,531

1880 October 276,847 211,098 65,749

1884 President 340,689 338,182 2,507

1880 October 302,021 243,016 59,005

1884 President 372,048 330,921 41,127

By the above it will be seen that on three different occasions Ohio has reversed her majority on presidential years, viz. in 1860, 1876 and 1880. On two of these occasions, 1876 and 1880, the State election went Democratic and the presidential election Republican, and on one occasion, 1860, the State election went Democratic and the presidential election Republican. The result was reversed by the Democrats.

From 1856 to 1880 Ohio has been carried but three times by the Democrats, and on two of these occasions the majorities were in the State elections and were reversed by the Republicans at the presidential election.

In 1883 Governor Hoadley was elected by the Democrats by about 12,000 majority, a majority less by 7,000 than that by which they carried the State election in 1880, and which was reversed by the Republicans and 34,000 piled on top of it.

With her great manufacturing interests of today menaced by the local issues which on three or four occasions gave that state to the Democrats will entirely disappear, and Ohio will continue to maintain her position among the first of the Republican States, and we believe she will resume that place with a Republican majority as great as that of 1864. Viva la Buckeye.

TELEGRAPHIC.

THE BLAINE TRAIN.

POSTORIA, O., Oct. 1.—The Blaine special train made its first stop at Postoria, O., the home of Governor Foster. There was a large gathering at the station, and when Governor Foster presented Mr. Blaine, there were loud cheers. Blaine in a few words expressed his gratification. The run to Tiffin was made very rapidly. There was a great crowd at the depot and Mr. Blaine was received with cheering, shouting and waving of flags. He was driven up into town where a stand had been erected and where Mr. Blaine was presented to several thousand people. He said: "Ladies and Gentlemen, when I was school boy in southeastern Ohio, forty-three years ago, this portion of the country presented a very different appearance from what it presents to-day. Those 43 years have been divided between Democratic and Republican rule, and I leave it to the voters of northwestern Ohio to say under which there has been the more rapid progress, not only in this section but throughout the whole of this beautiful State. Leaving you that subject to meditate upon I leave you the whole controversy of 1884 (loud applause). I thank you for this magnificent reception. I see in this assembly the evidence of peace, plenty and prosperity, such as are rarely equaled anywhere in the world, and never surpassed. It is in your hands to say whether we shall continue or whether we shall enter upon a series of doubtful and dangerous experiments."

RESPECTS TO BLAINE.

POSTORIA, Ohio, Oct. 1.—A delegation of one hundred merchants and business men of Toledo, called this morning to pay their respects to Blaine. The chairman of the delegation assured Blaine of the earnest support of the business interests of northwestern Ohio. Blaine thanked the gentlemen, and remarked that the Republican ticket was certainly entitled to the support of business men because the contest was primarily and emphatically a contest for the preservation and protection of the business interests of the country.

MAJORITY REPORT.

WASHINGTON, Oct. 1.—The majority report of the Springer committee on the United States Marshals' account is made public. It is signed by the Democratic members of the committee, and says: "A stream never rises above its source, and as long as those who possess the power of appointing these officials have no appreciation of the true dignity of the public service and regard officers only as rewards to be bestowed upon their most unscrupulous political allies, there is not much reason to hope for any great improvement in the character of our appointed officers. The testimony before the committee clearly shows that utter inefficiency and criminal practices have prevailed in many parts of this branch of the public service for many years past, and that the government has been a heavy loser thereby. There is a sameness, as also a variety, in the testimony. The investigation reveals the wonderful unanimity every grade, and in several parts of the country, have plundered the public treasury by false, fraudulent and fictitious charges, and yet the variety in ways and means by which they have worked their schemes, is equally curious and shows that they have taxed their ingenuity to the utmost to find modes of accomplishing one unalloyed, purpose, getting money they were not entitled to."

They have charged for arrests not made, for work not performed, for expenses not incurred, for guards not employed. They have knowingly rendered false accounts against the government, in court they have increased a counts by names of fictitious persons, arrested persons on false charges, worked up by themselves, extorted money from private citizens, and in ways without number have swindled the government and oppressed the people."

LOCOMOTIVE ENGINEERS.

SAN FRANCISCO, Oct. 1.—About 400 members of the Brotherhood of Locomotive Engineers arrived yesterday to attend the regular annual convention which opens to-day. Many of the members are accompanied by their wives and children. It is expected that Mayor Barrett will make an address of welcome, Gov. Stanford being unable to attend.

WILLING TO RESUME.

P. S. Oct. 1.—It is again stated that the government of France is willing to resume treaty negotiations with China, provided the latter will strictly observe the treaty of Tientsin, and pay France an indemnity of fifty million francs. The destination of Admiral Goubet's fleet is unknown, but it left Mazon today.

FIRES.

QUEBEC, Oct. 1.—About 1 o'clock this morning a fire broke out in the village of Louisville, about fifty miles from Montreal. At 2:15 over twenty houses were destroyed and the fire is still raging. Assistance has been telegraphed for from Three Rivers. A strong wind is blowing, which fans the fire. Nothing short of Providence can save the whole town from destruction.

PROVIDENCE SAVED THEM.

QUEBEC, Oct. 1.—The loss by fire at Louisville, this morning, was \$25,000. A sudden change in the wind saved the town from being almost completely destroyed.

THE CODE.

MERCED, Cal., Oct. 1.—Two Chinese engaged in a duel yesterday at Snelling. Ah Yip, a Chinese overseer, attempted to stop the proceeding, when one of the duellists placed a revolver at his ear and blew the top of his head to atoms. The duellists escaped to the woods.

FREIGHT RATES.

NEW YORK, Oct. 1.—Freight agents in their session at Commissioner Fink's office today ordered the restoration of western freight rates, beginning with the first proximo.

MADE HIS BETTER PUBLIC.

OLANTHE, Kan., Oct. 1.—J. P. St. John has made public his letter of acceptance of the nomination for President by the National Prohibition convention.

The makers of Dr. Price's Cream Baking Powder have established a wide reputation for getting upon the market articles excellent in their strength, purity and healthfulness. Their constantly increasing popularity renders it impossible for them to place before the public anything which is not found to be not only harmless but positively beneficial.

It is a wise young man that early makes up his mind that gamblers know more about gambling than he does.

"Rough on Corns."

Ask for Wells' "Rough on Corns." 15c. Quick complete cure. Hard or soft corns, warts, bunions.

"No," said Mrs. Hiffing, "now that Sunday breakfasts are so fashionable, I really don't get time to attend church any more, but I send one of the servants to sit in the pew and put my card on the plate. I understand it's all the go now in Boston."

"Rough on Rats."

Chens out rats, mice, roaches, flies, ants, bed bugs, shrews, chipmunks, gophers. 15c. Druggists.

"Is it a tip," asked a fussy table waiter, of his principal officer, "for me to feel free when a gentleman says 'I am handsome'?" "It is, my daughter," replied he gravely, "we should never delight in falsehood."

Heart Cases.

Painful, Dropsical Swellings, Dizziness, Indigestion, Headache, Sleeplessness cured by Wells' Health Renewer.

Looking for Game.

"Is there any game hereabouts?" asked a wandering huntsman of a native Kentuckian.

"Game? Well, I should remark. Up on the hill that you'll find a good game of piker, and down in the hollow that you can stumble over a game of seven up. Let me put you out a snap, stranger?"

"N. Y. thank you; I'm looking for other game."

"Rough on Flu."

Quick, complete cure, all Kidney, Bladder and Urinary Diseases, Irritation, Scalding, Stone, Gravel, Catarrh of the Bladder. \$1. Druggists.

Not a Reliable Policy.

"Don't you think," the inquired of the clerk, "that these shoes are rather large?"

"Oh, no, Miss," he returned, "not for you."

After she had bought out of the store and the proprietor had finished talking to him, the clerk was again impossible to convince him that honesty is the best policy.

Twenty years ago the place where Riverside, California, now stands was a barren plain of sage brush and cacti; now the assessed valuation is \$1,100,801. There are many locations in Arizona equally advantageous.

THE Territorial Fair.

There was a meeting of the board of directors of the fair association yesterday with all members present. Dr. Jones made a report on the new fair grounds, after which the board passed a resolution that the association hold a fair this year on the grounds purchased from Mr. Grey.

The building committee were instructed to proceed without delay in the erection of necessary stables for speed ring horses, also a well ventilated stable.

The committee on speed ring reported there were quite a number of horses that had recently arrived in the city and were waiting for the completion of the stables in the fair grounds, when they will at once occupy the stables and go in training on the track.

The new capital stock certificates were received and the President was instructed to issue the stock to all such persons as were ready to pay up in full for shares.

The secretary reported quite a number of persons as already engaged to receive their stock certificates.

Letters received from Gov. F. A. Trinit and Professor J. A. Church of Prescott, and P. K. Brady, of Florence, were read, all of them promising to aid the directors in any way that seemed possible.

What they Think of Us.

A delegate to one of the recent conventions held here, writes this of Phoenix and our valley to the Mohave Miner:

The morning of the day of the convention came, clear bright and cool, and as I walked under shade of the huge cottonwoods, I gazed almost in wonder (even after seeing Los Angeles) at the wealth of flowers, the magnificent fruits, and the wide expanse of alfalfa fields. To say that Salt River valley is the garden spot of Arizona, does not over-express its beauty and boundless possibilities. The people need a railroad badly, in fact it has become an absolute necessity. A railroad from the city to Maricopa station on the S. P. would make here a Phoenix indeed, for she would rise on the wings of prosperity out of the ashes of her present gloom of disappointments. In the early days of California her mines laughed at the idea of her ever succeeding as an agricultural State, but to-day the folly of the laugh is so apparent to be denied. So it will be with Arizona, no matter how her mining interest may turn out, she will eventually have to depend upon her agricultural and grazing interests as her principal sustaining industry.

It is funny to note the ambition of the several cities of the Territory regarding the capital. Prescott has her Capitol Hill and the citizens of Phoenix pride with pride in her plaza in the center of the city, saying, "this is reserved for the capital building." Among the numerous edifices erected since my last visit (two years ago) are the courthouse and Lemen Hotel. To say the least, the courthouse is a finer building and much better adapted than the one in Prescott. Of course it is always pleasant to be homeborn, but I left Phoenix with regret, and impressed with the idea that its generous, wholesome people tried to outdo at this kindness and attention during former visits.

Resolved, That we demand such legislation as will secure the collection of taxes by the County Treasurer for the rate he now receives for handling the money, thus saving to the taxpayer the five per cent. which goes to the Sheriff.

Resolved, That for the general information of the tax-payers of the county we demand that the Board of Supervisors shall publish quarterly financial statements of all the receipts and expenditures of the county; and it is further

Resolved, That the chief interests of this county are suffering and business is in a state of stagnation for want of increased facilities of transportation to carry the productions of the county to a profitable market. We therefore demand that our representatives in the Territorial Legislature use every honorable means, consistent with the welfare of the county, to secure the earliest possible construction of a railroad that shall relieve us of this depression in business and develop and promote our farming and mining interests.

That the Republicans of Maricopa county are opposed to any legislation that will or may tend to the consolidation of water rights where by any monopoly may be created to the detriment or oppression of our farming or mining interests.

That we emphatically advocate the improvement of our highways, the bridging of our canals and rivers and the advancement of any other public improvement deemed necessary.

That we are in favor of legislative enactment in reasonable aid of our Territorial Fair Association, believing that by its industrial pursuits may be greatly promoted.

That the interests of the Territory requires, and sound financial policy demand, that the Territory make immediate provision for the Territorial issue, in an institution within the borders of Arizona, where those unfortunate can be humanely and economically cared for under the supervision of our own Territorial Legislature.

That we advise our Legislators to consider the matter of making our Territorial prison self-sustaining and that they will urge the legislation necessary to procure that result.

That the Republican party views with alarm the spread of polygamy within the Territory and demands the enactment and enforcement of laws that shall effectually suppress the same.

That we respectfully ask our Legislature to provide for increased educational facilities for our youths in the way of high schools and a Territorial University, that it may no longer be necessary to send them beyond the Territory to educate them.

That we denounce as dishonorable the corrupt political practices that now prevail to such an alarming extent and which tend to the promotion of incompetent and dishonest men to places of public honor and trust.

That we earnestly advocate the opening up of granted lands to public settlement, that the vast body of these lands within the county may be made a source of income to the Territory and county and a benefit to their commerce and general industry.

That we recognize the fact of old and fraudulent claims to large grants of land within our Territory and that we are indubitably opposed to the federal appointment of any party whatever who shall aid, abet or in any way interfere with the claimants of such lands in their efforts to secure their claims.

That we recognize the fact of old and fraudulent claims to large grants of land within our Territory and that we are indubitably opposed to the federal appointment of any party whatever who shall aid, abet or in any way interfere with the claimants of such lands in their efforts to secure their claims.

That we recognize the fact of old and fraudulent claims to large grants of land within our Territory and that we are indubitably opposed to the federal appointment of any party whatever who shall aid, abet or in any way interfere with the claimants of such lands in their efforts to secure their claims.
